# Digital Print

Do I need Lithographic Print, or Digital Print? A question we regularly hear. Your choice depends on 3 factors. Speed, Quality, Quantity. Our digital printing machines are ideally suited to run lengths up to 300 copies in colour, or 4,000 in black & white, where getting the job delivered quickly is paramount, or for incorporating variable data.

## Colour Flyers printed on 100gsm

TYPE/QTY	50	100	250	500	1000
A4 Single Side	£12.50	£19.00	£45.00	£65.00	£110.00
A4 Double Side	£22.00	£35.00	£70.00	£110.00

# Art Reproduction

Whether you are a professional artist looking for commercial reproductions, or a hobbyist looking for smaller quantities, we can help you. We have amassed a wealth of knowledge, which we are happy to share! Just ask

## Origination

The first stage is to have a digital reproduction made of your original. Depending on the format of your art this can be done by scanning or photographing. We supply you with a high resolution file, and a lower resolution jpeg suitable for use on the web.

**Origination per image - £5**

## Printing

Once you have your image on disk, we can print it in a variety of ways depending on your needs. The term *Giclee* is often used, but simply refers to early versions of large format inkjet printers. These are ideal for short run, large reproductions and can be produced on poster paper, photographic, paper, vinyl & canvas.

**Prices start at £25 / Sq Metre**

For commercial art reproduction we are able to offer the highest quality short run lithographic prints.

**Prices start from £250 for 50 A2 sized prints**

**We can also produce small format prints, ideal for cards etc.**

Size / Qty	5	10	25	50	100	200	500
A7	£5.70	£6.70	£9.60	£15.70	£25.50	£47.50	£83.00

A5	£8.40	£11.10	£19.10	£32.50	£58.70	£91.70	£147.80

# Lithographic Print

Do you need Lithographic Print, or Digital Print? A question we regularly hear. Your choice depends on 3 factors. Speed, Quality, Quantity. Our lithographic press is our highest quality machine, and ideally suited to run lengths of 300 and above. It does however take a little more time to print than the digital machines you will see in the shop.

## COMMERCIAL STATIONERY

**A complete range of over 10,000 items available  
for next-day FREE delivery to your office**

The Print Room has long been a supplier of stationery to local residents and businesses alike, carrying a modest stock of the most commonly ordered items.

Did you know we also have a commercial stationery department? Focusing on cost and service we are confident that we will have the buying power to save you money, and with a FREE next day delivery on all items ordered before 4.30pm, a second-to-none service.

If it's been a while since you looked at your stationery buying, give us a call, and we will carry out a FREE review for you. This can include your in-house printing, making sure you have the most cost-effective printers.

# Terms & Conditions

We can accept artwork created in most forms, delivered on most types of media. However, artwork that is not supplied in press-ready format and requires manipulation may attract artwork costs.. We will ALWAYS inform you of these costs before doing any work.

Where artwork is not supplied in press-ready format, we insist on supplying a proof. This will normally be in the form of a PDF file, delivered by E-Mail. We will not print a job until you have approved this.

Unless previously agreed, payment will be required on collection of your job.

We will always meet your deadline date. If on presentation of a job, we are not able to meet your deadline, we will tell you.

Where colour critical work is involved, we insist on supplying a colour proof that will need to be signed off by you for content and colour before we commence work.

## Artwork Creation

We can accept artwork created in most common software packages. We prefer to work from Press-Ready PDF files. If you are not familiar with PDF files, or need anymore information, please go to our website [www.dekgraphics.co.uk](http://www.dekgraphics.co.uk), click on 'help & advice' and download our guide to producing PDF files.

We can receive files electronically, via e-mail (subject to a 10mb per attachment limit), or for larger files you can use our ftp site; <ftp://ftp.dekgraphics.co.uk>. You will need to obtain a user name and password before you are able to access the site. There are several FREE ftp protocol transfer sites such as [yousendit.com](http://yousendit.com)

For large-format output, we ask that you create your artwork at 50% of actual size, ensuring any picture files used are a minimum of 300dpi, and use the CMYK colour space.

If this all sounds double-dutch, please telephone us, and we can do the rest..
